## ASSEMBLING THE SEAT

ALL PICTURES SHOW 4 KIDS CONFIGURATION

**1-** Mount the brackets on the box, using 2xM4 bolt for each bracket, in the positions shown above. **ONLY FOR REAR SEAT:** mount a bracket in the middle of the box rear wall, upside down compared to the other brackets (use the bolts and nuts from the steering column). **USE A TORQUE OF 5 Nm MAX.**

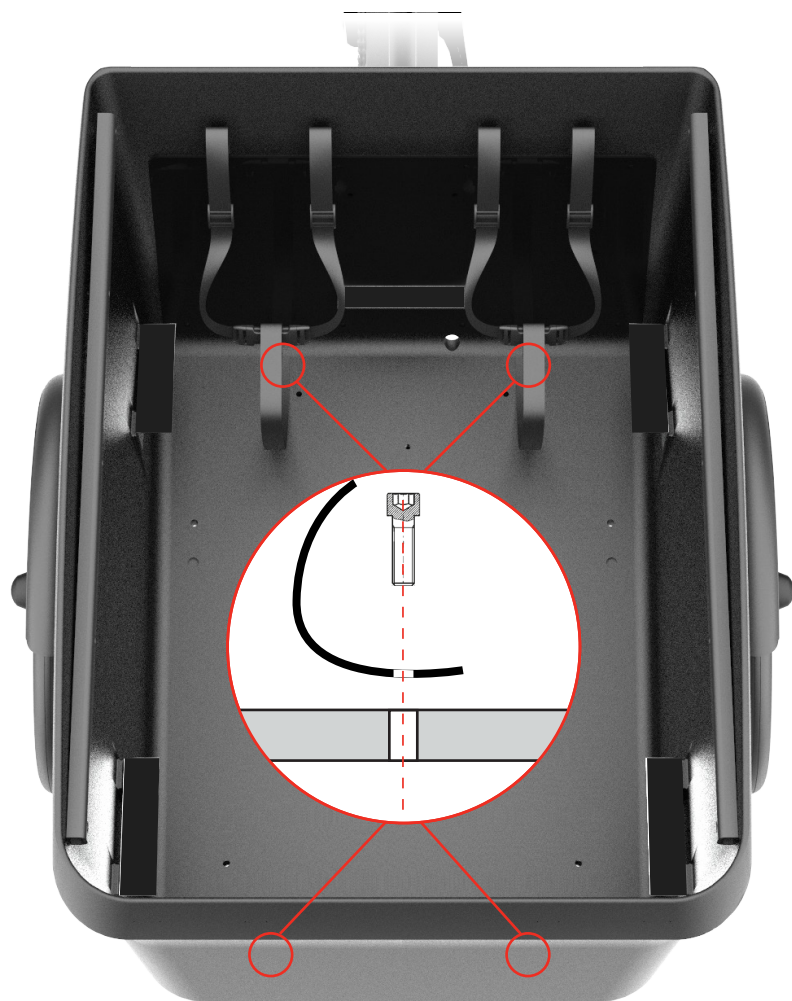

6

**2-** Connect seat belt shoulder holders to the rear wall on the box with 2xM5 bolt each in the specific threaded holes. **USE A TORQUE OF 5 Nm MAX.**

7

## ASSEMBLING THE SEAT

**3-** Connect seat belt bottom parts to the box floor, using 1xM6 bolt each in the specific threaded holes.

**8**

## ASSEMBLING THE SEAT

**4-** Remove the protectors from the Velcro strips on the backrest rear side.

**5-** Place the backrest on the box, as shown on picture. Apply some force so that the Velcro adheres.

**9**

## ASSEMBLING THE SEAT

**6-** Place the seat on the brackets, aligned with the Velcro, and push so that the Velcro adheres.
